

# GENERAL AVIATION AWARDS

10/2020

## APPLICATION GENERAL INFORMATION

The General Aviation Awards Program is a cooperative effort between the FAA and industry sponsors to annually recognize outstanding individuals in avionics, flight instruction, maintenance and those serving as FAA Team Representatives. The awards highlight the important roles these individuals play in promoting aviation safety, education, and professionalism. Honorees are recognized locally, regionally and nationally. National Honorees are announced in January and recognized during AirVenture, in Oshkosh in July. They also receive gifts provided by sponsors.

## SUBMITTING YOUR PACKAGE

Refer to the website for suggested reading, eligibility, required nomination components and nomination processing timelines.

The easiest, fastest way to prepare your packet is to gather everything and take it to an office supply or printing house. They can scan all documents into a **combined, single pdf document file**. Free software is also available online to merge pdfs. Submitting all your information as one file assures that individual pages don't become separated.

Name your pdf document using the **3-letter award-type identifier, Last Name**. As an example: CFI, Smith. This assures that your information is stored and managed correctly – and, when the time comes, it is available to the appropriate judges.

All applications are submitted online. Log on to **[www.generalaviationawards.com](http://www.generalaviationawards.com)** and the NOMINATIONS page to upload it. You'll find additional instructions there.

**Do not include this page in your nomination package.**

## APPLICATION - PAGE 2

Candidate's Name \_\_\_\_\_ Candidate for **CFI** **ATA** **REP** *circle one*

We are looking for aviation-citizens; for leaders; for experienced people who can be heralded as role models. Judges focus on professional activities beyond the job, continuing education and pro-bono service to the aviation industry. The highest scores go to those with sustained, superior, performance and specific contributions to aviation safety, education, and professionalism. Your aviation auto-biography tells your complete history; on this page, judges will focus on your activities over the last five years.

We've given you space for five items in each category, but feel free to include more on additional paper. Improve your chances of receiving the highest honor by providing support documentation for important projects. Lastly, *please type* - as with everything in aviation, professional documentation reflects on you as a professional.

**PROFESSIONAL ACTIVITIES** Tell us what you've done in the **past five years**; work, job responsibilities, aviation activities, etc. Activities should be relevant to the award you are applying for. i.e.: judges of REPs nominees are interested in activities that support the FAASTeam. Use additional paper, if needed.

**CONTINUING EDUCATION & DEVELOPMENT** The world moves fast in aviation and you can't be viewed as a pro if you're skills/knowledge aren't top par. Tell us about additional FAA certificates/designations recently earned, college/technical school classes, recurrent or upgrade training, self-study and industry seminars. We're interested in training beyond the required to renew FAA certificates, in the **past five years**.

**PRO BONO SERVICE TO THE AVIATION COMMUNITY** Every professional gives-back to their industry. Tell us about your service in the **past five years** on boards or committees, classes you've taught, mentoring, Scouts, Young Eagles, AOPA Airport Support Network, EAA Technical Counselor, Civil Air Patrol, articles, blogs or newsletters you've written, advocacy efforts, responses to Notices for Proposed Rulemaking, etc.
